- 5 quart / 10lb. can approximately 160 oz.
- 1" of travel into 5 quart/10 lb. can is approximately 22.86 oz. of sealant
- Air Gun/Hypergun delivers 13.84 oz./min. ***
- Bucket Guns (15,000 lbs.) 1/8 oz. per stroke. ***
- Hydraulic Hand Gun delivers approximately 1 oz./44 strokes ***
- Screw Lever Hand Gun delivers approximately 1 oz./24 strokes ***

*WKM Gate Valves require approximately ½ lb. lube per seat per inch of valve bore.

** WKM Gate Valves, 4" & smaller, are usually not equipped for seat lubrication and may require body lubrication of approximately 1 lb. lube per inch of valve bore.

*** the delivery of gun is approximate because of condition and temperature of gun
